SPONSOR SPOTLIGHT - CBIZ

For employers looking to stay ahead of the curve this year, incorporating the benefits employees value most into their health plan is essential. However, it's equally important to keep your bottom line in mind.

To determine the top health plan features employers are — and should be — offering in 2023 and beyond, CBIZ conducted the 2023 State of Health Care survey. The results of that survey indicated that a holistic wellbeing program, direct primary care and employer-sponsored health centers, and family-forming benefits are all key aspects of a competitive benefits package that will set your organization apart without breaking the bank.

MEMBER SPOTLIGHT - CHERYL NIENHUIS

We are pleased to shine the spotlight on Chapter member, **Cheryl Nienhuis**. Cheryl is a member of our Social Media, Membership, and Marketing Committee and is presenting at the 2023 Symposium. Read on to learn why Cheryl values membership and the CEBS designation.

"I enjoy being a part of TCISCEBS because it connects me with the benefits professionals working through the changing total rewards landscape and meeting the needs of the employees and families we serve. The CEBS designation has allowed me to stay "in-the-know" of all things benefits, keeps me in contact with amazing benefits professionals and has given me the opportunity to establish some great friendships with like-minded individuals."

Cheryl Nienhuis
Director, Complex Care Program
